Profile

Front End developer with experience building websites, landing pages, and single-page applications (SPAs); concerned about assembling intuitive, visually appealing, and scalable web applications. With a solid foundation in HTML, CSS, and JavaScript. And a strong focus on user-facing implementation, mainly using React.js, but I keep learning and am open to new challenges.

Actively participate in activities and bring the best I can to the team, analyzing and tackling problems efficiently. Consistently receive praise from team members and clients for my ability to collaborate effectively and compromise in delivering high-quality results.

Professional Experience

Freelance Web Developer

11/2022 – present
México

- Developed a blog website using Next.js and Hygraph as headless CMS, providing a fast and user-friendly platform for sharing articles and content.
- Optimized data retrieval and seamless integration with the headless CMS through the use of GraphQL, resulting in efficient and effective data management.
- Implemented Tailwind CSS framework for consistent and responsive design, enhancing the overall user experience and improving the website's visual appeal.

Assistant manager, Super Ahorro

12/2018 – 01/2023
Zacatecas, México

- Excelled in operations management, successfully overseeing cash management, inventory control, customer service, and staff scheduling and supervision.
- Led and motivated a team of 25-30 employees, resulting in a 35% increase in productivity and a 90% satisfaction rate among employees.
- Delivered outstanding customer service, effectively managed customer inquiries, and consistently exceeded customer expectations, resulting in a 97% satisfaction rate and a 25% increase in repeat business.
- Successfully trained and guided new employees, resulting in a 30% reduction in turnover within the first year.
- Acquired customer service, time management, and leadership skills.
