Profile

Front End developer with experience building websites, landing pages, and single-page applications (SPAs); concerned about assembling intuitive, visually appealing, and scalable web applications. With a solid foundation in HTML, CSS, and JavaScript. And a strong focus on user-facing implementation, mainly using ReactJS, but I keep learning and am open to new challenges.

Actively participate in activities and bring the most I can to the team, analyzing and tackling problems efficiently.

Consistently receive praise from team members and clients for my ability to collaborate effectively and compromise in delivering high-quality results.

Professional Experience

Assistant manager, Super Ahorro   12/2018 – 01/2023
