🪪 Profile

Eager and motivated Front-end developer, passionate about building intuitive, innovative, and visually appealing web applications. With a solid foundation in HTML, CSS, and JavaScript, with a strong focus on user-facing implementation, primarily using ReactJS.
I'm a proactive person, analytical with a can-do attitude, a creative problem-solver, and a self-learner.
I have consistently received praise from team members and clients for my ability to collaborate effectively and deliver high-quality results.

💼 Experience

Assistant manager, *Super Ahorro*   12/2018 – present
                                                                    Zacatecas, México
- I've had the responsibilities of: managing cash, managing inventory, handling customer inquiries, scheduling, and supervising staff.
- Managed and led a team of 25 people.
- Developed customer service, time management, and leadership skills.
- Improved communication among the staff, which boosted overall productivity.

🧠 Skills

| HTML | CSS | JavaScript | ReactJS | Tailwind | Sass | Redux |

| Bootstrap | JQuery | Node.js | Express | SQL (MySQL) | Git (GitHub) | OOP |

| ECMAScript | npm |

🎓 Education

Fullstack developer, *Launch-X-Latam*   09/2022 – 12/2022
Online Bootcamp released by "Inovacción Virtual" in conjunction with Microsoft to form Fullstack Developers.

Mechatronics Engineering, *Instituto Politécnico Nacional*   08/2014 – 2017
Six semesters coursed at UPIIZ campus.   Zacatecas, México

📜 Certifications

English Certificate 88/100 (C2 Proficient) *(EFSET, 11/2022)*

JavaScript Algorithms and Data Structures *(freeCodeCamp, 11/2022)* | **CSS** *(HackerRank, 11/2022)*

Responsive Web Design *(freeCodeCamp, 10/2022)*

🕮 Courses

Front End Development Libraries, *freeCodeCamp*   07/2022 – 10/2022
    I used popular libraries to style websites quickly, like **Bootstrap**, **Sass**, and **JQuery**. I developed Single Page Applications using **ReactJS** and **Redux**

JavaScript Algorithms and Data Structures, *freeCodeCamp*   05/2022 – 07/2022
    This course consists of **JavaScript** fundamentals applied to solve *algorithms* and manipulate strings, arrays, and objects.
    I also learned two programming paradigms: *Object Oriented Programming* and *Functional Programming*.

Responsive Web Design, *freeCodeCamp*   05/2022
    I learned the languages and built webpages with **HTML** and **CSS.** I also designed responsive webpages that adapt to different screen sizes and used best practices for accessibility.
